Resource Center
2501 48th Ave
Denver, CO 80216

UC Denver

Urban Design Workshop

For the Future of the National Western Center

The Masters of Urban and Regional Planning students at the College of Architecture and Planning are working on a plan for the new National Western Center and need your help!

At this event, you will hear their vision for the campus and have the opportunity to give feedback on ideas to ensure the development includes places and services for the benefit of the local, regional, and international communities.
