

National Western Center

CAC User Experience Questionnaire – August 23, 2018

How will you access the National Western Center Campus? From what direction?

What could make your biking, walking, transit, or driving experience better?

What excites you about the new site plan? Does anything stand out?

What do you think is needed on the campus to make your experience comfortable and enjoyable?

**What activities and uses would make you go to the campus more frequently or on a regular basis?
What would make you stay on the campus longer?**

What activities and uses would make you use the open spaces more frequently or on a regular basis?

What would make you come back to the campus to attend another event or do something different?

What activities do you do in your free time that could be accommodated on the NWC site?

Anything else you would like to share with us?
