

SUMMER DAY CAMPS

**AT THE DENVER MUSEUM OF NATURE & SCIENCE
GET BRAINS AND BODIES MOVING!**

FULL-DAY SUMMER CAMPS FOR GRADES K-6

Summer Camps get brains and bodies moving! Learn and play as we experiment, create, build, ask questions, and develop a knowledge and passion for science. Our camps are led by experienced educators, with assistance from trained teen volunteers, offering the best opportunity for fun and learning. Summer camps run June 8–August 7, including the week of July 4th. Camps running June 29–July 2 are 4 day camps, with no camp on Friday, July 3 in observance of the Independence Day holiday.

HALF-DAY SUMMER CAMPS FOR AGES 4 & 5

Tiny budding scientists enjoy fun, engaging experiences led by Museum educators that will open their eyes and minds to the amazing world around them. Choose morning or afternoon: 9–11:30 a.m. or 1–3:30 p.m.

NEED-BASED SCHOLARSHIPS ARE AVAILABLE!

Scholarship slots will be available for most camps and open for registration on Tuesday, February 4 by phone only. Call Guest Services at 303.370.6000, 9 a.m.–5 p.m., and answer a few short questions. You may qualify to save 50% or even 100% on camp fees for one week of camp per child.

**REGISTRATION IS BY PHONE ONLY. FOR MORE
INFO CALL GUEST SERVICES AT 303.370.6306**
